Q U A L I T Y

The Integrated Quality Management System governs the entire business and is dedicated to its continuous improvement.

SALSA not only boosts quality and product conformity certificates, but has also placed quality checkpoints at every stage, right from the raw material to the plating plant. SALSA has never waned in pursuit of its total quality concept, which is not merely adhering to standards and regulations. Rather it is a shared value and a central indispensable element that reflects the Company's business philosophy and translates into a real commitment in every aspect of the business, from products and processes to relationships with its partners and suppliers, always dedicating special attention to the environment.

SALSA strives to be a "special" workplace designed to be efficient, but above all pleasant, comfortable and beautiful, as well as respectful of the workers and the environment in all of its aspects.
